The City of Calgary
P.O. Box 2100, Station "M"
Calgary, Alberta T2P 2M5

Attention: Members of Infrastructure and Planning Committee

Dear Committee Members:

Subject: Proposed Land Use Bylaw Amendments

Thank you for your ongoing engagement with Building Industry and Land Development Calgary Region (BILD CR) as we transition towards net zero. Our industry's customer offerings and business practices are ever evolving to meet the needs of today and tomorrow's customers by including significant, continual improvements in energy efficient designs, construction and retrofit practices. The proposed amendment to the Land Use Bylaw is a good first step to enable an efficient and cost-effective transition.

We encourage The City to continue in its efforts to streamline and align municipal policies, standards, regulations and, processes and other actions to achieve an efficient and cost-effective transition to net zero. In closing, we encourage Council to continue to remove regulatory and procedural barriers to the development of all housing forms.

We look forward to ongoing and future collaboration with the City. Thank you again.

If you have any questions or comments, please do not hesitate to contact Deborah Cooper at deborah.cooper@bildcr.

Respectfully,
BILD Calgary Region

Brian Hahn, CEO BILD CR
