

Benefits of Volunteering

Our committee volunteers are our greatest resource and the backbone upon which this organization has flourished into one of the strongest and longest standing industry associations in Canada today.

Our member companies recognize the value of the professional development inherent in this model and throughout the years have generously encouraged and supported their employees in volunteering with our association. This is where real dialogue happens and decisions get made!

Active participation on Committees offers many benefits:

- **KNOWLEDGE** on key issues, often ahead of the general public
- **OPPORTUNITIES** to solve potential issues which may impact the industry
- **COLLABORATIVE** framework to promote and advance industry interests
- **DEVELOPED** and **SHARED** expertise
- **EXPANDED** work experience; **ENHANCED** resume; **IMPROVED** career opportunities
- **INDUSTRY CONTACTS** – Expanded connections at all levels (local, provincial and national)
- **NAVIGATE** the political system at all levels (local, provincial and national)
- **KEY RELATIONSHIPS** with municipal senior Administration and Staff
- **PUBLIC** and industry recognition to you and your company
- **GROWTH** - personal and professional
- **IMPROVED** self-esteem and self-confidence
- **UNDERSTAND** non-profit governance
- **COMMUNICATE** ambition and enthusiasm
- **DEMONSTRATE** you care about the industry
- **MAKE** a difference!

If these benefits speak to you, we urge you to consider joining one of our many committees.

Together we are better and stronger when we speak with one voice.

We encourage you to get involved today!
